

# SOLAR PERMIT

## GENERAL SUBMITTAL REQUIREMENTS

### General Submittal Requirements for all Solar Permits:

- Permit application**
- Owner/Builder Disclosure Statement**-this is required when an owner is obtaining a permit.
- Notice of Commencement**-a certified copy is required if job value is \$2,500 or greater prior to the first inspection (it is not required to submit for the permit).

Additional submittal requirements may be required. Prior to receiving a processing number from the Customer Service Representatives, all plans must be assembled properly.

### Submittal Requirements for all 1 & 2 Family Permits:

#### Photovoltaic:

- Construction Drawings**- Three copies of the certification of component listing and specifications and technical sheets for all equipment, riser diagram showing all wire sizes and types, junction boxes, and combiners.
- Site Plan**- Three sets showing location of solar array, inverter and disconnects.
- Signed and sealed documents, in accordance with the Florida Building Code in effect at the time of application, supplying the following information: Fastening details, structural load, and wind load.

#### Domestic Water Heater:

- Construction Drawings**- Two copies of the certification of component listing and specifications and technical sheets for all equipment, thermal expansion detail and location of equipment, type, size and discharge of safety pan.
- Electrical equipment may require an electrical subcontractor.
- Signed and sealed documents, in accordance with the Florida Building Code in effect at the time of application, supplying the following information: Fastening details, structural load, and wind load.

#### Pool Water:

- Construction Drawings**- Two copies of the certification of component listing and specifications and technical sheets for all equipment, location of panels and piping diagram.
- Signed and sealed documents, in accordance with the Florida Building Code in effect at the time of application, supplying the following information: Fastening details, structural load, and wind load.

# SOLAR PERMIT
