Location: 23rd St. SW
Project: Proposed Bridge
Construction Cost: $1,592,360
Design Cost: $238,854
Contract and Admin. Cost: $238,854

Location: 16th St. SW Westward Ext. 2
Construction Cost: $2,274,800
Design Cost: $341,220
Contract and Admin. Cost: $341,220

Location: 16th St. SW Westward Ext. 3
Construction Cost: $1,137,400
Design Cost: $170,610
Contract and Admin. Cost: $170,610

Location: 16th St. SW Westward Ext. (16th Road Ext.)
Project Time Frame: Beyond 2015

Project: Potential Future Bridge
Project Time Frame: Beyond 2015

Project: Roadway
Project Tim e: 2005-2015
Approx. Length: 2.2 miles
Number of Lanes: 2
Segment: 2.2 miles
Cost: $588,000

Project: New Road (Kean Avenue Ext.)
Approx. Length: 1.8 miles
Number of Lanes: 2
Segment: 1.8 miles
Cost: $6,600,000
Acquisition: $9,668,951
Design: $990,000
Contract and Admin.: $990,000

Project: New Road (Davis Avenue Ext.)
Approx. Length: 0.9 miles
Number of Lanes: 2
Segment: 0.9 miles
Cost: $405,000
Acquisition: $2,194,757
Design: $450,000
Contract and Admin.: $450,000

Project: New Road (Kearney Avenue Ext.)
Approx. Length: 1.4 miles
Number of Lanes: 2
Segment: 1.4 miles
Cost: $2,700,000
Acquisition: $2,194,757
Design: $88,200
Contract and Admin.: $2,700,000

Project: New Road (I-75 Interchange)
Project Time Frame: To Be Considered in 2025 LRTP Update

Legend

Sources may include but are not limited to: Florida Department of Transportation, Orange County, and private sources.

This exhibit was prepared using GIS data provided by various sources that may include but are not limited to Florida Department of Transportation, Orange County, and private sources. This map is for informational purposes only and the Costs shown in this map are Planning estimates and should not be considered as final project costs or actual construction costs.
