Dear Mr. Eubanks:

**Subject: Collier County
Comments on Adopted Evaluation and Appraisal Report**

The South Florida Water Management District (District) has completed its review of the Collier County (County) adopted Evaluation and Appraisal Report (EAR). There appear to be no significant water resource related impacts; therefore, the District forwards no comments on the adopted EAR.

The District offers its technical assistance to the County and the Department of Community Affairs in developing sound, sustainable solutions to meet the County's future water supply needs and to protect the region's water resources. For assistance or additional information, please contact Deborah Oblaczynski (561) 682-2544 or doblaczy@sfwmd.gov.

Sincerely,
