Subject: Re: Collier County Statement of Need for 1/24/14 meeting

Thank you, Commissioner.

On Jan 6, 2014, at 12:28, "HenningTom" <TomHenning@colliergov.net> wrote:

Mr. Darling,

On behalf of Collier County Government and as our representatives, I would like to send our statement to the Consortium. Collier County Natural Resources Director and staff worked on our statement regardless the County's needs which is provided below.

"Collier County's greatest needs that fit into the RESTORE Goals and Authorized Uses include those that address environmental goals such as restoration and conservation of habitats, improvement of water quality and the protection of living and coastal marine resources."

The Collier County RESTORE Committee in ranking the RESTORE projects specified that the environmental components of the ranking criteria be at least 50% of available project points. The committee adopted this criteria at their June 21, 2013 meeting. Staff then used this guidance for the final evaluation form.

Should you have any questions, please let me know.

Respectfully,

Tom Henning

Collier County Commissioner, District 3
Board of County Commissioners
Ph: (239) 252-8097
