

EXECUTIVE SUMMARY

Recommendation to approve payment for a Joint Coastal Permit in the amount of \$6,039 to rebuild South Doctors Pass Jetty, authorize all necessary budget amendments, and make a finding that this item promotes tourism (Project No. 90029).

OBJECTIVE: To obtain Joint Coastal Permit.

CONSIDERATIONS: South Doctors Pass Jetty has been installed for over 25 years and is in need of repair. A Florida Department of Environmental Protection (FDEP) permit is required to rebuild the jetty to its original design condition. In 2012 the north jetty at Doctors Pass was rebuilt utilizing TDC funds. Both the north and south jetty's at Doctors Pass protect navigation of the pass with sand dredged from the pass placed on the down drift beaches to aid in beach renourishment. The FDEP Joint Coastal Permit cost is \$6,039.

FISCAL IMPACT: Funding for the proposed work order is not presently included in the budget. However, sufficient funding is available in Tourist Development Tax Fund (195) reserves. A budget amendment will be necessary to move funds from reserves into Project No. 90029, Doctors South Pass Jetty. Funding for this project will not be requested for reimbursement from any grantor agency.

GROWTH MANAGEMENT IMPACT: There is no impact to the growth management plan related to this action.

ADVISORY COMMITTEE RECOMMENDATIONS: At the April 9, 2015 CAC meeting this item was unanimously recommended for approval by a 6 to 0 vote.

This item will be presented to the TDC for approval on April 27, 2015.

LEGAL CONSIDERATIONS: This item has been approved as to form and legality and requires majority vote for approval. – CMG

RECOMMENDATION: That the Board of County Commissioners approves payment to Florida Department of Environmental Protection (FDEP) for a Joint Coastal Permit in the amount of \$6,039 to rebuild South Doctors Pass Jetty, authorizes all necessary budget amendments and makes a finding that this item promotes tourism (Project No. 90029).
