Different individuals describe a pet in different ways, so we cannot guarantee we will be able to match this report with a missing pet report. For this reason it is very important to provide a photograph of the found animal in the event that the owners come to the shelter looking for their pet. If the dog isn't wearing identification, we ask that you bring the dog to DAS or contact your veterinarian to have the dog scanned for a microchip. You may also want to check missing pet reports on craigslist.com, Facebook.com (lost animals of Collier County page), pets911.com, fidofinder.com, petharbor.com, petfinder.com, and Naplesnews.com

We will maintain this report on file for thirty (30) days, if you need an extension please contact us. If you reunite the dog with its owner please contact the shelter at (239)252-7387 so we can discard your report.
