IV. Approval of Minutes: April 5, 2017.

MS Chapin moved to approve the minutes of April 5, 2017 as presented. Seconded by MS Amodeo. Carried 5-0.

V. Travis Gossard and his staff made a presentation on how they intend to assume responsibility for the maintenance of Radio Road East on October 1. They will continue Commercial Landscapes Contract and direct the maintenance. They intend to rebuild and activate the Motorola Irrigation system by the end of the 2017. Road Maintenance wants to work with the community in the look and feel of the landscaping in the medians.

Road Maintenance has spent $310,000 in FY 17 upgrading the County Motorola system and intends on spending $210,000 in FY 18 to continue the upgrade.

VI. Project Manager Report, Harry Sells,

A. Budget report Sept 27, 2017. The excess funds in the Urban Green Work Order have been recovered, leaving the overall budget in good condition to end the Fiscal Year. It will take about a month to make the final determination. There will be no budget in FY 18 due to the dissolving of the MSTU and the Advisory Board.
B. The Recovery Plan for Hurricane Irma was presented. The plan is divided recovery into four parts, Health and Safety Work, Remove Debris, evaluate plants remaining for restoration, and file claims for damage.
C. The scheduled dissolving of the Radio Road East MSTU was delayed by the cancelation of the Sept 12, 2017 BCC meeting caused by Hurricane Irma. The MSTU and the Advisory Board are not scheduled to be dissolved until October 24, 2017.

VII. Landscape Architect’s Report – Urban Green Studio, Dayna Fendrick
Ms. Fendrick distributed the “Landscape Architect’s Field Report 2017 4” for field visit on 8/10/2017.
- The overall condition of the median landscape is very good.
- Viburnum continues to have sporadic dieback caused by fungus throughout the beds with the most evident in Medians 34 and 38. The start of the rainy season will make this worse and will make it more difficult to treat.
- The condition of the Purple Queen is variable, with some doing extremely well and others barely surviving.
- Liriope is blocking the Bromeliads and looks crowded in several locations and needs to be opened. This request will be forwarded to Road Maintenance for action.
- General review of Hurricane Irma damage.
  - Gumbo Limbo trees, major damage (some will be removed and all will be pruned)
  - Pigeon Plum all blown down (Will be stood up and staked)
  - Silver Buttonwoods mostly destroyed. (Will cut back & remove most)
  - Bromeliads mostly blown out of the ground. (Will be put back in ground)
  - The rest of the landscape escaped major damage. Trees will be restaked if possible.

VIII. Landscape Maintenance Report – Commercial Landscape Maintenance- Robert Kindelan
Mr. Kindelan was absent due to the constraints of reacting to the Hurricane problems.
- Weekly maintenance will still be done according to the Contract for another 2 ½ years.

IX. Old Business
Discussion on “Transfer of Responsibility for Landscape Maintenance of Radio Road East to Road Maintenance.”
Road Maintenance is scheduled to assume maintenance of all the medians effective October 1, 2017. A general discussion was held on how the Advisory Committee would operate after the turn over date. All members were asked to think about how they would like to operate and be prepared to make a formal recommendation at their last official meeting on Oct 16, 2017.
