### Roof Repair Requirements

**To repair a roof, the repair work must constitute less than 25% of the roof, as calculated below. Pursuant to the Florida Building Code 708.1.1, up to 25% of the roof may be repaired within a one-year timeframe.**

**If the damaged area exceeds 25% of the roof area, a complete re-roof is necessary.**

**Section A:** Square footage of the area to be repaired: \_\_\_\_\_ sq. ft.

**Section B:** Square footage of the existing roof area: \_\_\_\_\_ sq. ft.

**Percentage** to be repaired: \_\_\_\_\_ %

A/B=%

Section A ( \_\_\_\_\_ ) / Section B ( \_\_\_\_\_ ) = \_\_\_\_\_ % of roof area to be repaired.
