## RURAL FRINGE MIXED USE DISTRICT PRESERVATION FORM

Single Family Dwelling Units and Duplexes

To all plan sets, attach a to-scale clearing plan on the building plans which shows all clearing (with dimensions) including house, pool, septic, driveway, borrow pit, etc. and provide the acreage or square footage.

### GENERAL INFORMATION

Following information should be filled out:

Property Owner: \_\_\_\_\_ Folio #: \_\_\_\_\_

Parcel Acreage: \_\_\_\_\_ Acreage Proposed to be cleared: \_\_\_\_\_

### STAFF USE ONLY

Verify location within Rural Fringe: \_\_\_\_\_  
(Overlay)

Applicable Overlays:

Parcels less than 10 Acres unless greater clearing allowed in below table:

	Maximum Clearing Allowed	Acres
<input type="checkbox"/> 5 Acres or Less	20% or 25,000 SF (whichever larger) <i>(in addition, up to 9,900 SF can be cleared for a driveway a max. 15' wide)</i>	
<input type="checkbox"/> Greater than 5 – Less than 10 Acres	20%	

*In addition, up to 200' of brush or understory out from structures may be cleared.*

Parcels 10 Acres and greater:

Overlay	Max vegetation that can be cleared	Acres	Site Area clearing cannot exceed...	Acres
<input type="checkbox"/> Receiving Lands Except NBMO	60%		75%	
<input type="checkbox"/> Neutral Lands (except NBMO S24 T49 26)	40%		55%	
<input type="checkbox"/> N. Belle Meade Overlay (S24 T49 R26)	30%		30%	
<input type="checkbox"/> Non-NRPA Sending (highest value)	20%		20%	
<input type="checkbox"/> NRPA Sending (highest value)	10%		10%	

**Note: The building permit for the principle structure pays for clearing allowed for one acre or as otherwise specified by this form. A separate clearing permit will be required to clear vegetation above what the building permit allows. Bona fide agricultural uses are exempt from preservation requirements, but notification to the County is required before clearing.**
