Palm River Boulevard Over Palm River Canal Bridge Replacement Project

Roadway & Bridge Improvements

- Two 11-foot travel lanes, with 4-foot shoulders and curb and gutter
- One (1) 6-foot sidewalk on the east side of roadway
- Provisions for “future” sidewalk on the west side of roadway
- Relocate 8-inch water main currently attached to bridge (east side)
- Relocate 4-inch force main currently attached to bridge (west side)
- Minor intersection improvements at Palm view Drive and Viking Way
