
RE-ROOF FINAL (170) VIDEO INSPECTION CHECKLIST

Permit Number: _____ Address: _____

INTRODUCTION:

All Video Inspections must begin with the following:

- 1. Providing close-up of address numbers
- 2. State your name, company, date & time
- 3. Permit Card
- 4. Approved FL Product Approvals/ Miami-Dade NOA# (Provide close-up, allow device to focus)

FOR ALL RE-ROOFS:

Video must include:

- 1. Verify 169 inspection is passed and all required documents have been submitted.
- 2. Identify if roof-over or replacement as per approved permit.
- 3. Identify the structure to be inspected as per approved permit. Primary home, guest house, detached garage, etc. (Each building requires a separate permit and inspection video).
- 4. All roof products installed match current approved FL product approvals or Miami-Dade NOAs. (Change in product requires revision)
- 5. Verify that roof covering is completely installed.
- 6. Verify all rotted fascia board and any additional materials have been replaced.
- 7. Any off-ridge or ridge vents installed (as required).
- 8. Verify hip and ridge caps installed, tile roofs require all motor complete, and any counter flashing installed as required.

I _____ (printed name of submitter), as an authorized person to upload video inspection files in accordance with Collier County Virtual Inspection procedures. I have reviewed the video and have checked off all applicable boxes above prior to uploading to BOX, as required by Collier County requirements.
